Reproduced on the cover is a sketch of The Chapel of the Little Gate to the City of Gladness. On behalf of the Town of Hampton Falls the Board of Selectmen dedicates this year's Town Report to the memory of Miss Frances Healey, who with her father built the Chapel on the bank of the Hampton Falls River.

The picturesque Chapel was consecrated May 30, 1927, by Bishop Dallas and has been a place of pilgrimage ever since. There have been several baptisms, confirmations, and marriages in the Chapel, and it is open to all at all times for prayer and meditation. The crucifix on the altar was brought back from Spain at the turn of the century. The tile of St. Francis and the Wolf is a very old one from Bugio. The pewter candlesticks and almsbasin came from an old English chapel. The old ship's bell outside hung for years over an ancient Bermuda mansion, and the lignum vitae relief of Our Lord was carved in Peru.

Miss Healey was born in Hampton Falls on the Fourth of July, 1886, the daughter of George and Harriet Dodge Healey. She was graduated from Wellesley College and travelled extensively throughout the world. She was renown for her countless active interests — her sheep, her loom, her bees, her garden, her writings, and especially her church.

Upon her decease, Miss Healey bequeathed to the Town of Hampton Falls the sum of Five Thousand Dollars, the interest to be used for books, in memory of her father, George Clifford Healey.

Respectfully submitted,

Roland W. Paige,

For Post No. 35, American Legion

TOWN WARRANT

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampton Falls in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hampton Falls on Tuesday, the tenth day of March, next at three of the clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to raise and appropriate the sum of \$261.60 for Town Road Aid, the State to contribute \$1,743.99.
4. To see if the Town will vote to raise and appropriate the sum of \$2,439.79 in payment for services to the Town by the Hampton Falls Volunteer Fire Department. (Signed by;) Alphonse J. Lemire, Richard O. Swain, Richard A. Perkins, George F. Merrill, Louis B. Janvrin, Alfred Baillargeon, Richard O. Bohm, Eugene A. Heal, M. C. Merrill, Richard B. Merrill, Donald L. Janvrin, George W. Pond, Arvid H. Gustavson, John J. Shillaber.
5. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to rebuild and widen bridge on Mill Lane.
6. To see if the Town will vote to raise and appro-

priate the sum of \$820.00 to replace the heating system in the Town Library. Requested by the Trustees of the Library.

7. To see if the Town will vote to raise and appropriate the sum of \$600.00 to construct a reinforced concrete building at the Town Dump.

8. To raise and appropriate, for economic advancement of the Town through publicity and promotional services of the Seacoast Regional Development Association in cooperation with other communities, the sum of \$200.00.

9. To see if the Town will vote to raise and appropriate the sum of \$158.00 to install and maintain a telephone in the Town Hall.

10. To see if the Town will vote to raise and appropriate the sum of \$300.00 toward removal of infected trees.

11. To see if the Town will vote to raise and appropriate the sum of \$700.00 for the establishment of an aeronautical fund as provided by RSA 423:6.

If the above article is passed in the affirmative, the following article should then be voted:

12. To see if the Town will vote to transfer from the aeronautical fund to the New Hampshire Aeronautics Commission the sum of \$700.00 for use for the purposes authorized by RSA 423:7.

13. To see if the Town will vote to raise and appropriate the sum of \$54.00 to purchase a new flag for the Town Common.

14. To see if the Town will vote to give the Selectmen authority to sell any property acquired by tax sale.

15. To see if the Town will vote to give the Select-

men authority to borrow money in anticipation of taxes.

16. To choose Delegates to the Constitutional Convention.

17. To vote on the question, "Shall sweepstakes tickets be sold in this town?"

18. To see if the Town will vote to transact any other business that may legally come before this meet-

Polls will not close before Eight O'clock P.M.

Business Meeting at Seven-thirty O'clock P.M.

Given under our hands and seal, this 15th day of February, in the year of our Lord nineteen hundred and sixty-four.

REPORT OF THE LIBRARY TRUSTEES

The Library Trustees are pleased to report than an excellent selection of new books have been purchased during the year of 1963.

The story hour is held twice a month and is very much enjoyed by the children. Many thanks are extended to Mrs. Melia and Mrs. Ordway for the interest they have shown to these youngsters.

We wish to thank the Town for the support that has been given to the Library for the past year.

The Library is opened to the public on Tuesday evenings from 7 to 9 P.M. and on Wednesday and Saturday from 2 to 5 P.M.

A breakdown of the books circulated during the year is given below.

Respectfully submitted,

ROSE V. BROWN,

Secretary

JAMES H. CREIGHTON, Janitor

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump - its safer. A neglected backyard incinerator causes many fires.

3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

REPORT OF THE LADIES' AUXILIARY HAMPTON FALLS VOLUNTEER FIRE DEPT.

The Ladies Auxiliary of the Hampton Falls Volunteer Fire Department had a busy and successful year.

We have turned over to the firemen \$400 plus the amount made on the Annual Firemen's Ball. We held food sales during the summer plus suppers.

Our membership had a substantial increase this year. It is very gratifying to see our fire department grow. We would like to thank all those who contributed of their time and materials.

Respectfully Submitted,

LUCY E. WOODES, Secretary

SCHOOL WARRANT FOR 1964

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Hampton Falls, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Town Hall in said Hampton Falls, on the SIXTH Day of MARCH 1964, at FOUR P.M. in the afternoon, and to cast ballots for candidates for the following District Offices:

1. Moderator for the ensuing year.
2. Clerk for the ensuing year.
3. Member of the School Board for the ensuing three years.
4. Treasurer for the ensuing year.

You are also notified to meet at the same place at EIGHT o'clock in the evening of the same day to act upon the following subjects:

5. To see what action the District will take in relation to reports of Agents, Auditors, Committees, or Officers chosen.

6. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

7. To see if the District will authorize the School Board to enter into a contract with the Hampton School District to send Grade Six students to Hampton for a period not to exceed three years and to further authorize the School Board to establish a tuition rate and such other terms and conditions as the respective School Boards may determine.

8. To see if the District will approve employing a Business Administrator for Supervisory Union No. 21 and to raise and appropriate the sum of \$100.98 as Hampton Falls' share for same.

9. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by the Town.

10. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 17th day of February, 1964.

Report of the Superintendent of Schools

I am pleased to take this opportunity to present my third annual report to School Board Members and voters of Supervisory Union No. 21.

This year's report will include the usual membership and staff sections and four additional topics, namely; Committee of Eight Studies Union-wide Problems, Foreign Language Curriculum, Business Administrator, and Achievement Tests of Basic Skills.

Membership and Staff

Supervisory Union No. 21 continues to include eight school districts, namely; Hampton, Hampton Falls, New Castle, North Hampton, Rye, Seabrook, South Hampton, and Winnacunnet Cooperative. In December of 1963 there were in these eight districts 3,738 pupils in grades K-12 attending schools, and a total of 250 school personnel, including: administrators, teachers, nurses, secretaries, cafeteria staff, and custodians — an increase of 219 pupils over the previous year and a total of 9 additional staff members.

Charts which follow show the distribution of pupils by districts and the number of employees in the several categories in each district.

SUPERVISORY UNION NO. 21

NUMBER OF EMPLOYEES

(Both Full and Part-time Included)

DISTRICT	Administrators	Teachers	Nurses	Secretaries	Custodians	Cafeteria	TOTALS*
Hampton	2	57	2	3	5	6	74
Hampton Falls	0	5	1	0	1	0	6
New Castle	0	5	1	1	1	0	6
North Hampton	1	21	1	1	2	2	28
Rye	1	29	1	2	4	4	38
Seabrook	1	17	1	1	2	2	22
South Hampton	0	5	1	0	1	1	6
Winnacunnet High	2	42	1	4	5	6	62
Supervisory Union 21	2	2	0	4	0	0	8
UNION-WIDE TOTAL							250

* In several instances the same employee is shown in several positions since part-time positions are included. However, the totals have been adjusted to reflect the correct number of employees in the Supervisory Union.

Committee of Eight Studies Union-wide Problems

Considerable thought is being given by a committee composed of representatives from each of the eight districts within Supervisory Union No. 21. Mrs. Helen Coorsen of South Hampton, Mrs. Viola Brown of Seabrook, Mrs. Helen Potvin of Rye, Mr. George Miller of North Hampton, Mrs. Carol Cole of New Castle, Mr. Robert Weaver of Hampton Falls, Mrs. Olga Cassassa of Hampton and Mr. John Trumbull of Winnacunnet School Board, Hampton Falls are committee members.

One exploratory meeting was held on January 16, 1964, and the second meeting is scheduled for January 30, 1964.

The Seabrook School Board is working with a building committee to provide classrooms which are needed to house the increased enrollments. Very likely Seabrook will provide for its own pupils in grades 1-8 for several years to come. Long-range plans are uncertain at this time, and additional facilities are needed without delay.

South Hampton has already provided an addition to meet the classroom shortage in that District.

Hampton Falls may be sending, if voters in the districts concerned approve, their sixth graders to the Hampton Academy building on a tuition basis for a period not to exceed three years, while further study is given to possible district reorganization. This interim measure seems to me to be a practical way to hold action in abeyance until the appropriate long-range plans can be finalized.

North Hampton has a conspicuous space problem. A citizens' advisory committee is working cooperatively with the School Board to find some reasonable solution. Possibly North Hampton, Hampton, and Hampton Falls will decide to jointly provide for the junior high grades. It seems to me that such a plan would have both educational and economic benefits to all three districts.

Rye School District is to again consider a building program which, if approved, would provide improved facilities at the Junior High level as well as the additional classrooms needed. It may be desirable for Rye to accept, under some long-term arrangement, seventh and eighth grade students from nearby Greenland.

New Castle seems ready to work out some long-term arrangement with Portsmouth which surely could work to the advantage of both Town and City.

These suggestions record only a few of the possibilities which need further consideration. We shall look to the "Committee of Eight" to make specific

recommendations after giving careful study to this rather involved and exceedingly important matter.

Foreign Language Curriculum

A thoroughly competent committee under the chairmanship of Mr. Russell Raymond, Principal of the North Hampton Elementary School, is completing a comprehensive statement of recommendations which will lead to the reorganization of modern foreign language instruction within the schools serving the Winnacunnet area. The names of other committee members follow: Mr. Otis Mudge and Mrs. Doris Valley of the Winnacunnet High School; Mr. Albert Belanger of the Hampton staff, Mr. Ronald Pomerleau, who teaches in North Hampton and Hampton; and Mrs. Gail Jenkins and Mr. Charles Coveney of the Seabrook faculty.

The study has been both intensive and extensive with state-wide recognition coming to the Committee.

The recommendations of the Committee are being followed in part this year, and it is expected that there will be full compliance in all districts for the school year 1964-65. Some of the basic recommendations follow:

1. The study of French should begin in grade six and the opportunity should be given to students to continue the study through grade twelve.

2. All pupils in grade six are to have the opportunity to take French if it will not be detrimental to the pupil's effort to acquire the usual skills for the grade. Only those determined to have achieved success in the study are to take it in grade seven. An elimination may take place during the year.

3. Pupils will not be marked with letter grades in French in grade six. A progress report will be given.

Pupils will receive marks in grade seven through grade twelve.

4. Grade six classes will meet a minimum of three 30-minute periods each week and those for grades seven and eight will meet for four 45-minute periods each week. French II, III, IV, V, will meet for five 50-minute periods.

5. The same basic text is to be used in all schools following the program. The basic texts for level one will be those of the HOLT, RINEHART, WINSTON COMPANY —

- a. ECOUTER ET PARLER for book one.
 - b. PARLER ET LIRE for the second book.
- French II - LIRE ET ECRIRE

6. All teachers of a foreign language should be specialists in the language.

7. The guide prepared by this committee should be followed by all teachers of French in the cooperative district in order that a proper evaluation may be made in the future.

8. The introductory program is to commence with imitative behavior using the audio-lingual approach.

9. The study of formal grammar or structure does not belong in the audio-lingual phase.

10. The instructors in the language will recommend which pupils will take the French II when entering high school.

11. Pupils entering grade seven who have not had French previously will not be permitted to take French until grade nine.

12. Students should be able to begin a two-, three-, or four-year sequence in high school. Administrators

should discourage students from planning to take just one year of a language. Students starting in high school are more mature and may be expected to have a more concentrated program.

13. The work of level one will have its work divided approximately as follows: Listening 50%, Speaking 30%, Reading 15%, and Writing 5%.

14. Homework assignments should be given for each class period.

15. Language laboratories are essential for high school use. Junior High students will find them of value in working for more precise pronunciation. There are many types of laboratories, and before purchasing one, it should be seen in operation.

Mr. Raymond's leadership and the work of this committee is recognized as professionally significant.

Business Administrator Proposed for Supervisory Union No. 21

The work load at the Supervisory Union Office is such that an additional person is needed to effectively attend to business matters. The repair and maintenance work on eleven school buildings requires more supervision than the present staff is able to give. Also help is needed in the interests of business economy to supervise more closely the budgeting-procurement-accounting cycle of school business.

The eight districts served now have more than 3,700 pupils enrolled and about 250 employees, including: teachers, nurses, custodians, and lunchroom workers. The several school boards have studied the staffing problem and, with encouragement from the State Department of Education, have unanimously voted to include an article in the warrant of each separate district.

The State Department of Education has indicated that this Union is high on a priority list to receive \$2,500 annually to be used to help defray the salary for such position, providing voters approve the school boards' recommendation.

The business of Supervisory Union No. 21 exceeds 2 million dollars annually, and the full-time attention of a trained business administrator to serve as an assistant to the superintendent is being recommended as a practical and necessary solution to the problem.

A starting salary of \$6,000 has been suggested with \$2,500 from State funds, and \$3,500 raised through proration to the eight school districts. The cost to each district has been computed to include both the Winnacunnet assessment and the pre-existing district assessment as shown below:

	Winnacunnet Share	Elementary School District Share	Total
Hampton	\$ 615.93	\$1,085.00	\$1,700.93
Hampton Falls	71.51	100.98	172.49
North Hampton	201.21	320.77	521.98
Seabrook	199.85	314.12	513.97
New Castle		73.15	73.15
Rye		458.50	458.50
South Hampton		58.98	58.98
TOTALS	\$1,088.50	\$2,411.50	\$3,500.00

Achievement Tests of Basic Skills

(Grades 3 - 8)

The Iowa Test of Basic Skills provides for the measurement of certain skills involved in reading, work-study, language, and arithmetic. These skills are crucial and determine, to a considerable degree, the extent to which a pupil can profit from continued instruction.

The tests are designed more to measure the ability to apply generalizations than the remembering of them. Thus a youngster must not only know the rules for capitalization, but he must also demonstrate his understanding of the rules by using them.

Teachers use achievement tests to become quickly and dependably acquainted with the educational accomplishments of each pupil. They need such objective information to adapt instruction to individual and group needs.

Another purpose is to supply the pupil and his parents with important information needed in the selection of appropriate educational goals.

These tests also provide school officials with an objective and dependable basis for the evaluation of school and class achievement. We can identify curriculum strengths and weaknesses, and a comprehensive analysis will reveal implications concerning the effectiveness of instruction.

From test results we may measure growth as well as present standing. Two students scoring at the same level may represent quite different rates of growth. It is hardly enough to determine achievement, we must evaluate the achievement in terms of the pupil's capacity. In fact, it would not be especially important to determine present position unless it is considered in the light of other factors. Please keep in mind that achievement test results provide only a partial basis for evaluating instruction as you consider the union-wide averages.

This year's union-wide averages compare favorably with the schools across the Nation which were selected at random to make up the normative sample. Union No. 21 third graders scored on the average above 91 per cent of the schools included in the normative sam-

ple; the average fourth grade score was above the score of 84 per cent of the schools sampled; the fifth grade averaged higher than 88 per cent of the schools; sixth graders out-distanced 85 per cent; seventh graders scored on the average above 83 per cent of the schools; and this Union's eighth grade exceeded 86 per cent of the schools used to prepare the norms.

To bring fuller meaning to these statistics, one should realize that New England's norms are usually higher than the norms prepared for the Nation as a whole. Nevertheless, these scores are very favorable indeed.

All seven communities within Union No. 21 can well be proud of the pupils, and the educational opportunity which is being provided from tax dollars to insure human progress.

A Point of View

Increased costs of education, as hesitant as we may be to accept them, are surely to be preferred over the more costly alternatives such as expanded welfare services and penal custody.

Although no single factor can be held entirely responsible for human progress, a quality education made available to youth seems to me to hold great promise.

Your support is appreciated and needed.

Respectfully submitted,

JASON E. BOYNTON
